Extra meeting and party!

We are going to have an extra meeting on Saturday the 24/11. In the evening we will continue with a party where you can buy food and drinks. Let us know if you want to come before Thursday.

Mooni Sports Club

The money from Forum Syd is on its way. The project in Mooni can soon kick off. Erik Sjöstrand is in Uganda since one week, and he together with the two students from Österlen Folkhögskola and the people of Mooni will start the work.

Enkokidongoi

Erika Rubin has been in Kenya and continued with the process in our report of the people responsible for the corruption. There are some more papers to be sent to the investigators and then it will probably take about six months before the report is finished.

”Twiga-PR”

Some old and some new news...During the Möllevångsfestival this summer Twiga had a small shop. It turned out to be great days with lots of fun and many buyers! We were also participating at “Skåne Social Forum” this autumn with information about Twiga.
